MEET THE SQUAD

DAVID ANNETTS: Goalkeeper. A 20-year-old shipping clerk. This is his first season with Bridgend, having joined the Southern League club from South Wales Corinthian League side, Llantwit Major during the close season. He is six feet four inches tall and weighs 14½ stone. In tremendous form at the moment.

PETER PASSEY: Full back. A 25-year-old former England youth international and ex-Birmingham City and Newport County player. Tends to lack consistency but on his day can be dynamic.

WAYNE HARRIS: Full back. Brother of Leeds and Wales star, Carl Harris. At 22 a tremendous prospect and has recently been given a contract by Bridgend.

CLIVE CHARLES: Versatile defender, has just joined Bridgend from Cardiff City. In a couple of months' time he will be leaving Britain for America, where he is to play for Portland Timbers. Has already made a tremendous impression at Bridgend.

PAUL HARRIS: Captain of the side. This fine central defender joined Bridgend from Swansea City during the close season. He was once quoted by Orient as being worth £50,000. His height stands him in good stead.

CLIVE STAPLETON: Vice captain, who has been with Bridgend for ten seasons. He is an excellent midfield general — an aggressive player full of confidence.

JIMMY McINCH: Aged 24, a former Cardiff City and Bath City player. He performs well in midfield and has plenty of aggression. Jimmy has scored five goals this season and laid on several for others to score.

ANDY BEATTIE: Midfield, 20, the youngest member of the first-team squad. He captained Newport County to the Welsh League title in the 1974-75 season and is a former Welsh Youth International. A player with considerable potential — always a live wire and a real fighter.

GARY JONES: A 25-year-old midfield schemer, played for Bournemouth, Torquay and Weymouth before joining Bridgend. He is a former Welsh schoolboy and Welsh Amateur international and on his day is probably the star of the Bridgend team.

RAY HUSKING: A recent signing from a local league, who has come on by leaps and bounds. He is a rugged player, who always gives 100 per cent effort.

JAN BEKKER: A 25-year-old striker, scorer of 41 League and Cup goals for Bridgend last season — was the Welsh League's top marksman — always prominent in attack. Is enjoying the new challenge of Southern League football. Former Swansea City player.

GRAHAM BENNETT: A 22-year-old striker who joined Bridgend at the beginning of the season, having played previously for Barry Town and Sully. He had already scored 12 goals.

BARRIE COLWILL: Plays up front and every season scores a few important goals. Is a tremendous trier, who gives his 100 per cent in every match.
